RESPONSE TO RESTRICTION REQUIREMENT

Dear Sir:

In response to Examiner's Office Communication dated June 9, 2005 Applicants
respond as follows.

Examiner previously identified two distinct inventions:

- I. Claims 1-33, drawn to a semiconductor device, classified in class 257,
subclass 316; and
- II. Claims 34-62 drawn to a method of making a semiconductor substrate,
classified in class 438, subclass 266.

Applicants elected Group I, Claims 1- 33 in class 257, subclass 316 without traverse.

Examiner has now determined that Group I contains claims directed to three
patentably distinct species:

- Species I claims 1-28;
- Species II claim 29; and
- Species III claims 30-33.
